

In October 2007, we started the work of restoring our Dodge Dart. This was not a full restoration by far, just taking care of common rust issues and paint. As usual with any resto, we found more things that needed to be taken care of... and more money to spend. Our Dart was complete in June 2008 and we couldn't have been more excited to see it! We were thrilled to take 'Ruby' to her first Nats this year. An important item on our agenda when we got the car back was to take it back to its original owner, Ruby. She was so happy to see it and said it reminded her of the day she brought it home, which made Jessica and I feel great because that's what we wanted. We look forward to going to car shows and cruise-ins, getting to know all the club members and enjoying 'Ruby'... and beginning our search for a new project car!

Wednesday night cruise-in is located at Dooley O'Tooles which is on Carmel Drive between Rangeline Road and Keystone Ave. When you drive your classic car there you receive 25% off your dinner, food only. They are extremely nice people and they normally have some pretty nice cars. (Reported by John Bauer)

At the pitch-in at Tom & Teresa Kelly's John Bauer brought a delicious Apple Cake that he informed us he had slaved over for hours. Is this really true Carol Ann? And who was the young man cooking the hot dogs that was afraid he was getting them too done? He had a little encouragement to "let them cook just a few more minutes".

1968 Plymouth Road Runner: This car spent 37 years in Georgia and has its original sheet metal. No rust anywhere! The engine was built by Racing Head Services out of Tenn. and is a .060 over 440 with a Weiland

This car is a DRIVER, not a #1 trailer queen and has served us well but she needs to find a new home so I can complete the restoration of my '69 Road Runner. Please call John Bauer at 317-769-3312 or email bauerconstruction@tds.net for more information. PRICE: \$24,500.

I have been driving for nearly 50 years... I would think I should have noticed the little secret on my dashboard that was staring me in the face the whole time...I didn't...and I bet you didn't either... Have you ever rented or borrowed a car and when arriving at the gas station wondered...mmm, which side is the gas filler cap? My normal solution was to stick my head out the window, strain my neck and look, try to see in the side mirrors or even get out of the car! Well ladies and gentlemen, I'm going to share with you my little secret so you will no longer look like Ace Ventura on your way to the gas station or put your neck at risk of discomfort or injury.

If you look at your gas gauge, you will see a small icon of a gas pump. The handle of the gas pump will extend out on either the left or right side of the gas pump. If your tank is on the left, the handle will be on the left. If your tank is on the right, the handle will be on the right.

She was in the bathroom, putting on her makeup, under the watchful eyes of her young granddaughter as she'd done many times before. After she applied her lipstick and started to leave, the little one said, "But Gramma, you forgot to kiss the toilet paper good-bye!"

My young grandson called the other day to wish me Happy Birthday. He asked me how old I was, and I told him, '62.' He was quiet for a moment, and then he asked, "Did you start at 1?"

After putting her grandchildren to bed, a grandmother changed into old slacks and a droopy blouse and proceeded to wash her hair. As she heard the children getting more and more rambunctious, her patience grew thin. Finally, she threw a towel around her head and stormed into their room, putting them back to bed with stern warnings. As she left the room, she heard the three-year-old say with a trembling voice, “Who was THAT?”

A grandmother was telling her little granddaughter what her own childhood was like: "We used to skate outside on a pond. I had a swing made from a tire; it hung from a tree in our front yard. We rode our pony. We picked wild raspberries in the woods. "The little girl was wide-eyed, taking this all in. At last she said, "I sure wish I'd gotten to know you sooner!"

I would appreciate any news about our members that have attended other events and/or have had their cars or stories in other publications.
