Mike and Dave setting up the Simulator

Indy Hi-Winders trying out the Simulator

From and about our members

Welcome to Chuck and Char Cochran, Indianapolis, who have a 1935 Chrysler Airflow and a 1934 DeSoto Airflow. We hope to see them soon at a meeting.

From Brian Berkowitz on Friday, May 21st: My grandmother passed away late last night back home in North Dakota. She was 84 and still lived in the house her and my grandfather built many years ago, he passed away 25 years ago. She recently (2-3 weeks ago) had a tumor removed from her brain and at that time they found another inoperable tumor deeper in, that would require some intense radiation. She never really recovered from the first operation and it is my feelings she was tired of everyone being in "her business" as she would have said. I feel she is with my grandfather and they are at the lake on the boat fishing or sitting on the porch having an after dinner drink.

**Our sincere sympathy goes out to Brian and his family. It is really hard to lose anyone, let alone a grandmother.

May 15, 2010 Adesa Auction/Indy Mopar Club Car Show Report

May 15th started out as a very cool but sunshiny day for the Adesa Auction/Indy Mopar Club Car Show. Indy Mopar Club members helped set up for registration and Mike and Dave set up the Race Simulator.

About 150 cars, trucks, and motorcycles pulled in to be registered and everyone was having a good time. Members from the Indy Hi-Winders Club were there also as a tribute to the Indy Mopar Club. Lots of door prizes were handed out and they had a 50/50. Tickets were raffled off for the Car Art Sign. This is a very distinctive sign that displays a picture and details about the car being displayed.

There was a young brother and sister that kept coming back to try out the Simulator. And the "clown" that made balloon figures for the children was a big hit.

The caterer ran out of bratwursts but had plenty of hot dogs and hamburgers. I don't think they had figured on so many registrations plus sight-seers.

Adesa had originally said awards would be handed out at 4pm. With the skies darkening and people starting to leave they moved the time up to 3pm. But even with that we had rain off and on. But Mother Nature decided to let us know who was boss and before we could get out of there it was coming down pretty good. I didn't hear too many complaints though as it had been a great day.

Tattler's Corner

Could the picture at the right be two of our 2010 leaders? Sure look familiar, even with the fireman's hat on. Both were having a great day and it shows. Who was it that said they never won anything and then proceeded to win the Car Art Sign? None other than our own Chris Dewees.
