## Message from Jeff Platzer, President:

October here we are. Now's the time we start thinking about Thanksgiving and Christmas and put the cars away for winter. I'm still hoping for a few more days left in the 60's and 70's maybe.

Well first of all, thanks to Tom Kelly for handling our last meeting. I had a quick change of plans for a family event we wanted to go to, and Ronda was good to takeover, well at least until she got sick at the last minute. We should both be good this time.

I attended a couple of car shows recently and have seen some really nice Mopars. I always carry a few club cards with me and passed out all I had in my wallet. Two guys came to the Avon Strides show as a father and son with a 70 AAR Cuda and a 70 TA Challenger. Both were purchased in Avon, having been in long time storage and possession. It's amazing what's still lurking out there in barns. In Mooresville I came across a guy with a beautiful white 68 Dart GTS with a 383 4-barel and 4-speed. Hopefully we'll see some new members.

We discussed that the temporary Crawfordsville show turned out pretty well considering how far out it was and it being a first time event. It'll be great to get back to Plainfield next year and Kaye York has already said she's good to go for it. Cruise Indy was a great show in Carmel with 148 cars. They donated a check to us for JDRF for \$500 for helping them with some marketing. We'll see if they want anymore help next year.

Some of the things we want to discuss going forward are, how can we increase our donation amount to JDRF? I'd like to entertain some discussions about food, music and perhaps a third show. Another point of discussion is how can we get more help from the members in acquiring door prizes? We need more members to step up and either donate a small amount of money that would allow us to purchase some door prizes, or have members go out and make a commitment to get maybe one store to help with a sponsorship of some sort. That could be some automotive supplies, or restaurant gift cards, or anything really. Those of us that run the show work hard to make these events happen, but we need more help.

As most of you know, this October meeting will feature the nomination of new officers for 2023. If you are interested in running for a position, or would like to nominate someone for a position, please attend this meeting. Or maybe, you just would like to say that you're willing to help any way that you can, we'll see what we can find for you.

Thanks and we'll see you soon! Jeff

**Condolences to Steve & Cheryl Wisdom** - Steve's brother-in-law Thomas Wallace of North Carolina passed away Friday the 14th of October.

#### Larry (and Sue) Mayes Profile

It has been a long time since I have been able to participate in any activates after they closed the plant I worked at here in Indy and transferred to Louisville KY. The older members know me and my cars but for the newer members will reintroduce myself and a little bit about my cars.

I grew up on the east side of Indianapolis and my dad worked at the Chrysler Electrical plant. Dad was a machine repairman and could fix just about anything. I was his little shadow and he had his mechanics license and would inspect cars at my uncles body shop on E. Washington (where Cherry Tree is today) in the 60's when Indiana had to have cars inspected annually and I was there to be his assistant.

In 1972 my dad took me to look at a 67 Barracuda notchback that was a slant 6 auto, factory ac & ps. He said if I kept it clean and didn't tell mom how much he paid for it he would sell it to me when I got my license in 2 years. HECK YES, what 14 year old wouldn't want his own car. My sister was 2 years older and wanted it so she got it instead.

When I was to get my 1<sup>st</sup> car dad said, I work at Chrysler and can get parts, YOU will drive a Chrysler product. I was ok with that and at 15 I bought a 67 Barracuda notchback from a guy dad worked with that had been run off the road and thru a fence. Nothing special and this gave me time to get it fixed before I got my license. My older brother and I took it to my uncles body shop (he had moved to Columbus IN by this time and started to remove trim for repairs and color change. It was ice blue with black vinyl top and dark blue interior. I HATED LIGHT BLUE and wanted it midnight blue. After a few days I got a job and could no longer go to work on it so my brother and Uncle completed it without me. My uncle had a habit of mixing whatever paint he had on hand when painting something he wasn't going to make much money on. I would ask him what color he painted it and he wouldn't tell me and said you will find out when you see it.

It was painted the color I wanted and it came out great. Then my oldest sister needed a car and dad and I went and looked at a 67 fastback Formula S 273 hipo auto. It smoked some so dad had a 318 installed and I said I want the engine. The 1<sup>st</sup> engine I ever rebuilt was this 273 and installed it in place of my 67 with factory 273 2 barrel. So at one time we had 2 67 notchback and one 67 Fastback Barracudas sitting in the driveway. Wish I had taken a picture of the 3 together.

This was the start of my love of Mopars. My brother also had a 69 GTS 383 Auto 3.91 gear that was white, white interior and red stripe that I wanted really bad but dad wouldn't let me buy it from him saying I would get KILLED IN IT! I was able to drive it and never had it out of shape so far as to come close to wrecking it, but was it ever FAST.

Many cars have come and gone, 69 Roadrunner, 69 BB Charger SE, 70 BB Grand Coupe Barracuda, 70 340 Challenger, 71 Cuda Convertible, 72 340 3 spd manual RalleyChallenger (Changed to hemi 4 speed), 72 Barracuda, 73 & 74 Challenger and even to the dark side 69 SS 396/375 hp 4.11 Chevelle, 71 Mach 1, 74 Camaro, but my roots keeps me coming back to my MOPARS. Today I don't buy and sell, I like what I have and have had long time. My 67 Dart convertible we have owned for 29 years, the 1999 Prowler we bought new in 1998, the 1981 Imperial mom bought new in Oct 1980

The Dart was a slant 6 auto on column that was a decent car but needed some work. We drove it for about 2 years before taking it completely apart. It took 10 years to get it back on the road. Between being in body shop jail and me spending my fun money on my Prowler it got put on the back burner.

Today the Dart (one of 3,728 67 Convertibles) has a 1971 340, A833 4 speed, 3.73 sure grip 8 <sup>3</sup>/<sub>4</sub>' rear, painted 1999 Chrysler Pearl white by Tony Spears, custom Ultra leather interior by Jim Matthews, Blue cloth top by Kents Upholstery. It was in Mopar Muscle in 2012 Dec edition (Pearl of a Dart).

My wife, Sue and I have been married for 29 years and enjoyed taking our cars to cruise ins, car shows and helping in the club activities. Relocating to Louisville stopped most of our activities around Indianapolis and we started doing things in southern Indiana and Louisville KY area. Her Parkinson progressed and I retired in 2019 to become caregiver for her. We no longer can go and enjoy the cars much. In 2020 we moved back to the far east side of Indy just a street over from where I grew up. Hopefully we can get out to some things even if just for a short period of time.

Note from Editor Jan Peel - I don't normally include an obituary but when Steve told me of some Tom Wallace's history I was fascinated and decided to include it. I am praying no one will be offended.

Steve Wisdom's brother-in-law Tom Wallace Obituary:

Tom was born on January 4, 1940 in Hoopeston, Illinois to Gilford and Eunice Wallace. His father was a railroad man which kept him away often from his family. Eunice remarried to Winford Bales which joined two brothers, Jim and Tom, to their new stepsister, Shirley. This new union also welcomed Tom's half-brother William "Bill" Bales into the family. As soon as the opportunity arose, Tom joined the US Navy and was stationed in Bermuda and Newfoundland. Oddly, he never set foot on a ship but served in Naval Aviation until his honorable discharge in 1961. Before he ended his service, he was gloriously saved at the Indianapolis Baptist Temple.

There, he met and began a sixty-one-year love story with Carol Wisdom. Surrendering for the ministry, they both enrolled for training at Baptist Bible College in Springfield, Missouri. After Pastoring in Illinois and Indiana, the call from beyond came for them to take the gospel to the mission field. Planning to serve in Australia, God re-directed them to England. In 1973 they arrived in London with their daughter, Paula Sue and son, Tom Junior, to preach God's saving truth and plant Baptist Churches. While there, God blessed the family again with another son and daughter, Timothy and Elizabeth.

Trailblazing missions in England, Tom was instrumental in starting Bible Baptist Church in Nuneaton; Kersley Baptist Church in Coventry; Victory Baptist Church at Upper Heyford Airforce Base; Grace Baptist Church in Hinckley, and he pastored the International Baptist Church in Harrogate. He Cofounded the original Baptist Bible College of Great Britain and was the Director of many Youth camps. Also, he helped start the first A.C.E school in England, the Coventry Christian Academy. In 1980, Tom received an Honorary Doctorate Degree for his distinguished ministry service. Furthermore, he performed Gospel Magic to teach Biblical truths to children and was for a short time, a member of the Magic Circle of London.

In 1994, Tom took his family to the Republic of Ireland and pastored the Boyne Valley Baptist Church and helped establish what is lovingly referred to as the "Iron Church" outside of Kells. He also had the joy of teaching at the Baptist Institute in Dublin.

After forty-seven years of missionary work, they reluctantly retired and returned to America to be with his family and to settle in North Carolina. Tom is survived by his adoring wife, Carol along with his two daughters, Paula Sue and Elizabeth; his two sons, Tom Junior and Tim. His Five Grandchildren are: Tiffany Hudson, David Wallace, Maddison Wallace, Ryan Wallace and Jonathon Wallace. In addition, he leaves four Great- Grandchildren with two more on the way.
