

T-Bird and Ronda doing the twist

A group of five people are standing on the roof of a brick building, waving and holding balloons. A large inflatable cow is visible on the right side of the frame, and an American flag is flying in the background. The date "2008 7 23" is visible in the bottom right corner.

### Information

Wednesday night cruise-in is located at Dooley O'Tooles which is on Carmel Drive between Rangeline Road and Keystone Ave. When you drive your classic car there you receive 25% off your dinner, food only. They are extremely nice people and they normally have some pretty nice cars. (Reported by John Bauer)

### Tattlers Corner

One person at the Chick-fil-A Cruise-In really got carried away "tripping the light fantastic" and wound up hurting her arm by falling. Now her husband is having a ball telling everyone she was DRUNK (including their grandchildren). No initials to identify this person, but she is sometimes known as Ornerly or Trouble. Gotta watch that Chick-fil-A Iced Tea.

### Tech Talk

This is the Chrysler Employee's Team Car, CEMA, the Ramchargers High and Mighty. Chris Suminski is the driver of the first picture. From Chris: Date: Saturday, August 9, 2008, 12:14 AM  
Check out my test run at Milan dragway this past Wednesday on youtube. Go to [www.youtube.com](http://www.youtube.com) and search for "High and Mighty Milan Dragway". I pull the front wheels off the ground....and she only ran a 15.08 that run....was not running right. Today I ran a 12.73, best run for the car to date! –Chris

This '49 Plymouth was also featured at the Grand National Plymouth Owners Club Meet in Pontiac, Michigan, August 1<sup>st</sup> and 2<sup>nd</sup>. Chris started it up for the crowd every hour in the afternoons. It was something else to see the pipes vibrate when it was running. I have known Chris for a number of years and he was kind enough to let me sit in it and he took my picture. As you can see, I could never have driven it – couldn't even reach the pedals. Jan Peel
