- Larry and Susan Mayes, 7-31
- Congratulations to all!

Good Tips

Keep this in mind for your house. **Technology is so wonderful; how to break into a home in less than 6 seconds with audio/visual aids!! Please look at your garage door**

After our neighbors home inspection the inspector noted that his garage door had a dent in it. Bob and I were in the garage last night talking about it and trying to figure out how it got a dent in it. Finally figured out someone tried to break in. Then I searched youtube and found the below video. Please watch it. I took the pull string off of ours and zip tied the lever up to the slider. Now you have to cut the zip tie in order to release the lever. Please pass on.

Tattler's Corner

My goodness, our members sure behaved themselves at the last meeting. I couldn't find a single soul to pick on. Do you recognize any of the people in the picture to the left? They are really hard at work but have disguised themselves to make it look easy. I wonder if I could get a job like that???????

I would appreciate any news about our members that have attended other events and/or have had their cars or stories in other publications. This is your newsletter, help me make it an even better one by sharing this kind of information so it can be published here. You can contact me by E-mail Jpeel83719@aol.com or call me at 317-357-5760 or send it to me by mail: Jan Peel, 5128 E Rowney St, Indianapolis IN 46203-3741. (Complaints may also be handled this way. Be gentle when you do this please.)
